

▶ **New call of the IMU Breakout Graduate Fellowship Program**

Professional mathematicians are invited to nominate highly motivated and mathematically talented students from developing countries who plan to complete a doctoral degree in a developing country, including their own home country.

The 2020 call will be open from February 1 to May 31, 2020.

▶ **New call of the IMU-CDC Graduate Assistantships in Developing Countries Program (GRAID)**

The Program provides modest support for emerging research groups, working in a developing country, making it possible for them to fund their most talented students to study full-time and pursue a Master or PhD graduate degree in mathematics.

The next deadline is March 15, 2020.
